AMERICAN FLAG AT MERCY OF VENDERS

Declares Military Instructor in District of Columbia.

POLITICS A BENTFIT TO SCHOOL

National Characteristics Which Became Governmental Ones Make It Impossible to Organize and Discipline an Effective Army.

New York, Dec. 15.—Colonel James F. Petit, former secretary in the military department of Washington, and at present military instructor in the District of Columbia, read a thesis yesterday before the military service institution at Governor's Island on "How Far Does Democracy Affect the Organization and Discipline of Our Armies, and How Can Its Influence Be Most Effectually Utilized?"

Colonel Pettit dealt at length with the subject, the general trend of his argument being that the influence of politics into the military school was beneficial.

The speaker said in part:

"The great conquerors of the world have been monarchs, wielding practically unlimited powers. When the military commander is the ruler of the nation as well, he is the court of last appeal and control of resources so vital to the successful organization, the discipline and campaigning of armies. The further we depart from these principles the weaker we become.

"They Represent Peace."

"On the other hand, Democrats, as a rule, represents peace. They do not respond to the personal ambitions of an individual, nor are they readily drawn into schemes for territorial aggrandizement, involving war. Their proper military policy, therefore, is preparation for defense.

"The speaker of the house is the most powerful official of the government next to the president, and he may even thwart the desires of the latter. He is the real czar. The vote of congress represents its political opinions instead of its personal beliefs. The abolishing of the canteen is an illustration of the fact that even in times of peace legislation for the army comes out of the hopper greased with the slimy oil of political spoils and party expediency unredeemed by the salt of honest, manly independence and belief as to the right and justice of the cause and the needs of the country.

"We Believe in Our Star."

"We are of sanguine temperament. We believe in our star. We regard the law lightly; we place thousands of laws on the statute books, but are lax in enforcing them. These qualities in the military service make rigid discipline impossible. Deserters, sentinels asleep on post, and guerrillas should be punished, but with us the penalty is rarely exacted. Our patriotism is largely of the lip. That true patriotism which regards the country as the home to be cherished and protected within and from without, at all personal sacrifice, is not as common as it should be. It is constantly being diluted by the accession of foreigners who are pleased to style themselves German or Irish-Americans, as though they desired to serve two masters.

Flag is at Mercy.

"Our country's flag is at the mercy of any vender who may choose to spread notice of his wares on its folds, and the man in the ranks has a very modest place in public esteem until 'troops ship on the tide.' These national characteristics which become governmental ones in a Democracy like this, make it impossible to organize and discipline an effective army from the point of view of military experts."

Negotiating Purchase of Fleet.

New York, Dec. 15.—The Journal of Commerce today says: "It was stated on good authority yesterday that the Southern Pacific Railroad company is negotiating for the purchase of the fleet of the Commercial Literage company."

TENNESSEE BOY HAZED.

Made to Stand On His Head Until He Fainted Away.

Annapolis, Md., Dec. 15.—Notwithstanding the testimony of witnesses before the Meriwether courtmartial to the effect that hazing is no longer practiced at the Naval academy, a case has occurred.

The victim was Midshipman Jerdon Pettus Kimbrough of Germantown Tenn. He was last week called before a board of officers now in session at the academy inquiring into hazing, fighting and similar practices and compelled to answer certain questions.

It is said that he had also told some relatives that he had been hazed, and that the relatives laid the matter before the authorities.

The hazing was on account of these two things. Midshipman Kimbrough was compelled to stand on his head, then on his feet, and then on his head again, repeating this process for 10 minutes continuously.

At the end of the time he fainted, and was left in that condition by the hazers. Later he was found by his roommate, still unconscious.

KILLED BY BROTHER.

Homicide Supposed to Be Result of Former Disagreement.

Americus, Ga., Dec. 15.—Meig Powell, a young farmer 22 years old, shot and instantly killed his brother, Thomas Powell, at their home in the country near Americus. The homicide is supposed to have been the result of a former disagreement between the brothers, wherein Thomas Powell received a pistol wound in the arm. This first difficulty was suppressed and only recently has become public.

The Powell brothers came to Americus and upon returning home late, the tragedy resulted, Thomas Powell receiving a bullet in his brain.

The facts in the case are not yet known here.

On Trial For His Life.

Macon, Ga., Dec. 15.—Pale from his confinement of over a year in the Bibb county jail, Hal Schofield, of a prominent family, rich and well-known, faced 12 of his peers in the superior court to be tried for his life. He is charged with murder, and the victim of his bullet was Green King, one of the best known negroes in Macon. It required two hours to select a jury, and great care was exercised by both the state and the defense in this work.

Stationed In Asiatic Service.

Washington, Dec. 15.—The cruisers Galveston and Chattanooga have been commissioned in the service of the Asiatic station and will proceed there early in the year. They are now attached to the third division of the North Atlantic fleet, in command of Rear Admiral Charles D. Sigsbee, and with the Brooklyn and Tacoma are under orders for sea.

Tardiness Causes Uneasiness.

Tokio, Dec. 14, 11:30 A. M.—The tardiness in the conclusion of the negotiations at Pekin between the representatives of the governments of China and Japan is causing uneasiness here among the Chinese residents. It is feared that Baron Komura, who represents Japan, has made some proposition which is viewed in the light of another humiliation by China.

Division Superintendent Resigns.

Waycross, Ga., Dec. 15.—Dickson F. Kirkland, division superintendent of the Atlantic Coast Line, with headquarters in Waycross, has tendered his resignation, to take effect on Dec. 20. It was not known who will succeed Mr. Kirkland here.

Bust of Armstrong Exhibited.

New York, Dec. 15.—A life-size bust of General Samuel C. Armstrong, executed in bronze by Mrs. Cadwallader Guild for the Hampton Institute of Virginia, was placed on exhibition at the Bryant park studio yesterday.

Train Went Through Trestle.

Louisville, Dec. 15.—A freight train of 15 cars went through a trestle on the main line of the Louisville and Nashville this morning. There were no fatalities. Trains are being detoured by way of Selma and Flomaton.

SLOW HEADWAY IN CRUSHING STRIKE

Weeks Will Elapse Before Service Can be Restored.

WIRES BEING CONSTANTLY CUT

Inhabitants of Baltic Province Gratified at Publication of Imperial Ukase Providing Local Self Government.

St. Petersburg, Wednesday, Dec. 13, Morning, via Eydtkuhnen, East Prussia, Dec. 14.—The government is making slow headway in crushing the telegraph strike. The wires of the few lines over which service had been temporarily restored are constantly cut and not a single wire is working out of St. Petersburg this morning. At the present rate weeks will elapse before the service can be really restored.

The news from the Baltic provinces today is to the effect that many of the German landlords who have not fled are establishing a network of small forts and are standing a regular siege. There has been killing and burning.

Inhabitants of the Baltic provinces who are now residing in St. Petersburg were immensely gratified at the publication yesterday of the imperial ukase providing local self government, which they say means the abandonment of the Russification policy begun in 1867 to destroy the unity of the old provinces of Lithuania. The ukase practically insures the restoration of the status quo and creating a deliberate assembly for the solution of the burning questions of reform of the peasant conditions, the institution of the local self government and schools and a governor-general, as the office existed before 1876.

To Investigate Conditions.

Washington, Dec. 15.—A resolution providing for a thorough investigation of the situation and conditions at the Naval academy was introduced today by Representative Loud of Michigan. The investigation is to be made by the house naval committee, which is especially instructed to ascertain and report whether violations of the law and the regulations governing the academy continue and whether hazing, fagging, running and class fist fighting continue in practice there and the knowledge of and responsibility of the officers of the academy for any conditions found to exist.

Wants to Testify Again.

New York, Dec. 15.—Edward Harriman wrote a letter to the Armstrong commission asking that an opportunity be given him to go again on the witness stand in the legislative insurance committee to testify regarding his attempt, as described by Thos. F. Ryan, on Tuesday, to share in the purchase of the majority stock of the Equitable Life Assurance company. The committee informed Mr. Harriman that he could have such an opportunity any time he wanted it, and it is said to be likely that he will testify today.

Sends Nominations to Senate.

Washington, Dec. 15.—The president today sent the following nominations to the senate: Walter G. Robinson, register land office, Gainesville, Fla.; Henry S. Chubb, receiver of public moneys, Gainesville, Fla.; chief justice of the supreme court of New Mexico, William J. Mills of New Mexico; United States attorney, Abraham M. Tillman of Tennessee, middle district of Tennessee.

Boston Elected Ex-Convict.

Boston, Dec. 15.—Seven Democrats and six Republicans have been elected members of the Boston board of aldermen, and the new common council stands 46 Democrats to 29 Republicans. James M. Curley, who served a jail sentence a year ago for impersonating another at a civil service examination, was re-elected alderman on the Democratic ticket, despite much opposition.

STRIKE ON A. AND B. SETTLED.

Men Receive Advance In Pay and Later to Get Standard Wages.

Waycross, Ga., Dec. 15.—The engineers' and firemen's strike on the Atlantic and Birmingham railroad has been called off, and all the striking engineers and firemen will take their former places at once. George D. Wadley, vice president and general manager, offered to make certain concessions from their original claims, and it was announced that a peaceable adjustment had been reached.

All trains on the Atlantic and Birmingham are running on regular schedule. The strike, which was expected to continue for some time to come, is a thing of the past.

In the settlement the men receive advance pay, with an understanding that as soon as the road reaches LaGrange they are to get "standard wages." They also are granted a schedule where their duties are stipulated, and by which they are to uphold a high standard of service. The advance is from $3.50 to $4 a day. The firemen, who have been getting $1.50, are to receive $2.

KANSAS BEING ROBBED.

Hoch Says Standard Oil Company Robs State of $60,000 Daily.

Ottawa, Kan., Dec. 15.—Governor Hoch, speaking here at a meeting of Republicans, said:

"At this time the Kansas oil field is yielding 60,000 barrels a day and for this oil the Standard Oil company, which sets the price, is paying less than one-third what it paid a year ago. I believe it could pay $1 per barrel for this oil more than it is paying and still make a large profit. In other words, it is robbing this people of $60,000 a day, or $22,000,000 a year. We sit supinely down while we are being robbed of enough money every day by this corporation to build a hundred homes for the homeless, or to rear a great educational institution or to pay all the expenses of the state for five years."

MISS ROOSEVELT TO MARRY.

Wedding to Take Place About the Middle of February.

Washington, Dec. 15.—Formal announcement has been made by the president and Mrs. Roosevelt of the engagement of their daughter, Alice Lee Roosevelt, to Nicholas Longworth, representative in congress from the First district of Ohio, one of the Cincinnati districts.

Coupled with the announcement of the engagement is the additional announcement that the wedding will take place about the middle of next February.

While arrangements for the wedding have not been made, it is expected it will occur at the White House.

Contest Continued In House.

Washington, Dec. 15.—The contest between the ways and means committee and the interstate and foreign commerce committee for control of insurance legislation was continued in the house today. Mr. Payne took the floor to show that the power to tax was the only way in which congress could get control over insurance and the ways and means committee had jurisdiction over the taxing power. The senate bill reported by Senator Aldrich, giving the canal bonds the same privileges as other bonds, passed the senate without debate.

Forged Chinese Exclusion Tickets.

Dallas, Tex., Dec. 15.—C. A. Griffin and Will Caldwell of Big Springs, Tex., have been arrested here by the federal authorities charged with forging and counterfeiting Chinese exclusion certificates for the purpose of selling them to Chinese immigrants. Both were placed under bond by the United States commissioner.

Brooklyn Has Big Fire.

New York, Dec. 15.—Fire early today destroyed the 4-story brick business building at the corner of Fulton street and Bedford avenue, in Brooklyn, the property of State Senator Charles Cooper, entailing a loss of $100,000 on the building and an additional loss to tenants of about $150,000.

ANTHRACITE MINERS ARE IN CONVENTION

Hundreds of Delegates Present at First Day's Session.

WILL DEMAND EIGHT-HOUR DAY

Leaders Plan to Request a Conference of the Operators, at Which Several Demands Will Be Made, One of Which Is to Increase Pay.

Shamokin, Pa., Dec. 15.—A large thracite coal miners' convention began its sessions here today. About 700 delegates were present when John Mitchell, president of the United Mine Workers of America, called the convention to order. This convention is regarded as more important than any held since Mitchell came into the hard coal field in 1900 with the avowed purpose of duplicating the organization in western Pennsylvania and the western states which held contracts with the bituminous coal operators. The miners' leaders plan through the convention to request a conference of the operators. This will be in the form of a resolution, and the following demands, it is said, will be made if the conference is granted:

A party agreement, better known as recognition of the union.

An 8-hour workday.

An increase in pay to all classes of employes of at least 10 per cent and possibly 20 per cent, based on the wages in effect April 1, 1902.

This would mean that the miners would receive about the same as under the present award.

For some unskilled employes it would mean a slight increase.

Should the operators be disposed to grant the miners a conference their intention will be known tomorrow to Mr. Mitchell. In the event of a favorable reply coming from the operators the convention will be in a position to make up its list of demands and grievances and to vote to the executive board or to Mr. Mitchell and the three district presidents the power not only to enter into negotiations, but to make terms for the miners for a short term.

Reform League Meets.

Milwaukee, Wis., Dec. 15.—The twenty-fifth annual meeting of the National Civic Service Reform league opened at Milwaukee today. Much regret is expressed at the absence of Secretary of the Navy Charles A. Bonaparte, who was to have been the chief speaker of the convention. It is stated to have been the first time in 25 years, or since the league was organized, that Mr. Bonaparte has not been present at the annual gathering.

Special Message on Insurance.

New York, Dec. 15.—The Times says today: Information reached New York yesterday that President Roosevelt will probably send a special message to congress asking for legislation designed to cover illicit transactions in the insurance business. The message, according to the present program, will deal only with insurance matters in the District of Columbia, over which congress has jurisdiction.

Made Flight In Airship.

Chicago, Dec. 15.—Horace B. Wild, an electrician of Chicago, yesterday made a flight in an airship. He soared to a height of 2,500 feet above the ground. After a series of thrilling experiences he returned to the earth safely, 3 miles from where he had started on his trip in a machine which never had been tested before.

Burglar Frightened Away.

Waynesboro, Ga., Dec. 15.—Another attempt was made to rob the express office here Wednesday night. About 8 o'clock firing of pistols caused much excitement. An investigation was made, and it was found that a negro had attempted to break in the office, and was foiled in his attempt by the timely arrival of the clerk, who prevented the entry by shooting at the would-be burglar.

SUDDEN DEATH OF CAPT. J. J. THOMPSON

While Paying Respects to Victorious Friend Heart Affected.

DIED WITHIN TWO HOURS

Notwithstanding Everything Possible Was Done for Him, it Was to No Avail—A Man Who Led a Loyal and Useful Life is Gone.

After a couple of days' strenuous and ardent work in endeavoring to accomplish two objects, in both of which he was successful, Captain John James Thompson expired of heart disease at the home of Ex-Governor Francis P Fleming, Jacksonville, about 10:30 o'clock Thursday night.

While it was hard to die, Captain Thompson, who is a Confederate Veteran, had the consolation of knowing that he had accomplished two of his greatest aims, that of electing Governor Fleming to the honored position of Major-General of the Florida Division, U. C. V., and securing the next convention for Gainesville. He worked hard and faithfully for both and it is believed that it was due to over-exertion and excitement that his heart was affected, which caused his death.

Captain Thompson was attending the Confederate Veterans' reunion. He went there for the purpose of aiding his friend, Governor Fleming, in his candidacy for the position to which he was elected, and if possible to secure the next meeting of the Veterans for this city.

Called on Governor Fleming.

It was in the evening when he called upon Governor Fleming at his home to congratulate him. He had been feeling unwell during the afternoon, but declared that he could not retire until he had extended his personal congratulations. Governor Fleming noticed that he was looking pale, and insisted that he remain as his guest for the night. He was shortly afterward taken with a bad attack of the heart, and a physician was summoned. The doctor afforded temporary relief, but another attack necessitated a second call. Everything possible was done for the visitor, but he expired in about two hours from the time he was affected.

Man of Useful Life.

Deceased was born in Martinsville, Va., (now West Virginia) in 1837, consequently was in his seventy-second year. He came to Florida in 1849, settling at Middleburg, Clay county. In the early 50's he made a survey of the overland route to the Pacific Coast with Gen. Beall, after which he returned to Florida, settling with his father, Wm. N. Thompson, near Arredondo. At the breaking out of the Civil War he joined an infantry company in this city afterwards forming a part of the Second Florida regiment and experienced hard service in the Army of Northern Virginia. He left Gainesville as a lieutenant, but was later promoted to be captain of his company until he was wounded, when he was relieved on furlough. Returning to Florida he was not content with the life of a private citizen and was accepted as a voluntary aide on the staff of Gen. Colquitt and participated in the battle of Olustee.

Deceased was one time agent at this point of the old Florida and West India railroad running between Fernandina and Cedar Key, now a branch of the Seaboard Air Line. In all, he was one of the oldest and most widely known residents of Alachua county and his death will be greatly regretted.

Deceased is survived by two brothers, Louis F. Thompson of Lake City and T. G. Pratt Thompson of Fernandina and S. Boteler Thompson and family, relatives, of Lake City, to whom sympathy of friends is extended.

The remains were brought to this city Friday night and the funeral will be held at the First Presbyterian Church at 9 o'clock this morning, Rev. Thos. P. Hay officiating. Dr. T. F. Thomas is undertaker in charge. The interment will be in Evergreen cemetery, beside his father and brother, Blocke.

The following gentlemen have been selected as pall-bearers, and are requested to meet at the church at 8:45: James Doig, John W. Tench, T. B. Ellis, Sr., F. X. Miller, Joseph Shannon and John B. Dell.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

M'COLLUM WAS LIBERAL.

Presented the Fire Department With Three Boxes of Fine Cigars.

Dr. J. W. McCollum is nothing if he is not liberal, and as a solid demonstration of his appreciation of the efforts of the firemen in saving his property Wednesday night, has presented to the "boys" three boxes of fine cigars.

"The work of the department was excellent," said Dr. McCollum, "and the least thing I could have done to show my gratitude and appreciation was a little token of cigars."

The department, through Chief O'Neill, desire to thank the donor, with the assurance that the smokers were enjoyed.

LaGrippe and Pneumonia.

Pneumonia often follows lagrippe, but never follows the use of Foley's Honey and Tar. It cures lagrippe, coughs and prevents pneumonia and consumption. Ask for Foley's Honey and Tar and refuse any substitute offered. Mr. G. Vacher, 157 Osgood street, Chicago, writes: "My wife had a severe case of lagrippe three years ago and it left her with a terrible cough. She tried a bottle of Foley's Honey and Tar and it gave immediate relief. A 50-cent bottle cured her cough entirely." Refuse substitutes. J. W. McCollum & Company.

Attention, Committees.

The following committees, appointed on a Russian Tea to be given by the Twentieth Century Club, are requested to meet at the residence of Mrs. C. A. Colclough this (Saturday) afternoon at 3 o'clock:

Reception—Mesdames F. H. Craighill, S. B. Rogers, N. D. Phillips, W. B. Taylor, W. M. Dale, L. C. Lynch, W. J. Denby and C. A. Colclough.

House—Mesdames J. L. Kelley, Geo. Brumley and W. M. Johnson.

Refreshments—Mesdames A. R. Harper, Thos. Park Hay and Geo. K. Broome.

Serving—Miss Lucile Colclough, Miss Hallie Pepper, Mrs. J. M. Dell, Jr., Mrs. S. T. Dell and Miss Clara Pound.

Costumes—Mesdames J. W. Tench and W. M. Pepper.

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies without relief until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which entirely cured my cough and saved me from consumption." A grand cure for diseased conditions of throat and lungs. At all druggists; price 50c and $1.00, guaranteed. Trial bottles free.

OVER A MILLION IN GAINESVILLE BANKS

City and People Were Never in More Prosperous Condition.

BUSINESS IN ALL LINES GOOD

Mills and Factories All Busy, Employing Large Forces of Skilled and Common Labor — Advancement Wonderful for Past Two Years.

With a combined deposit of more than a million dollars in the two banks of Gainesville, with every branch of commerce and manufacture in a healthy condition, the factories and mills all running, it is no wonder the eyes of the people in all sections of the United States are turned upon this city and section and that the city is building up more rapidly than any other interior town in Florida.

This is no delusion, but an actual fact, as anyone may see who will take the trouble to investigate. The banks and the people are prosperous and money is comparatively easy. Another thing can be said of the banks, both of which are liberally but conservatively managed by experienced officials who are always willing and anxious to encourage and promote the welfare of the city and individuals where they feel safe in doing so.

It is safe to assert that within the past two years at least a quarter of a million dollars have been expended by the citizens in new buildings and improvements, many of whom have erected magnificent homes bordering on mansions. A number of handsome brick stores have also been erected and the best evidence that Gainesville real estate pays is the fact that there is not a vacant store, with one exception, in the city and this has been leased preparatory to occupancy on the first of the year. This store was occupied up to ten days ago.

If the people of other States and sections want to live long, happy and prosperous let them make their home in Gainesville, the University City.

Failed.

All efforts have failed to find a better remedy for coughs, colds and lung troubles than Foley's Honey and Tar. It stops the cough, heals the lungs and prevents serious results from a cold. J. N. Patterson, Nashua, Iowa, writes: "Last winter I had a bad cold on my lungs and tried at least half a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." J. W. McCollum & Company.

FINE PAVING MATERIAL.

New Composition Floor Being Laid in Store of W. R. Thomas.

A force of workmen are engaged in laying a new combination floor in the stables of W. R. Thomas, which is destined to make a big improvement in the place. The material being used in this work is called granolithic, being a combination of crushed flint rock, fine sand and cement. It is said by those who are familiar with the composition that it makes a handsome surface, firm and comparatively indestructible and would make an ideal material for sidewalk purposes, being handsomer, cheaper and equally as durable as vitrified brick.

Those contemplating the laying of sidewalks may find it to their interest to investigate the work at Major Thomas' stable.

ISLAND GROWERS ILL COME TOGETHER

Organize County Cotton Growers' Association.

PROTECT THE CROP

Growers Allege That Price Has Been Controlled by Manufacturers and Factors, With Disastrous Loss to Planters—Will Fix New Price.

In compliance with a call issued some time ago, the Sea Island cotton growers of Alachua county will meet in Alachua Saturday, the 16th inst., for the purpose of organizing a county cotton growers' association. The purpose of this association will be the protection of the grower of the staple, and to fix a minimum price which will make it of some profit to cultivate this plant, which is among the most important of the staple crops.

The Sun has from a reliable source the information that in the Alachua section there are being held in the warehouse and by growers outside, at least 2,000 bales, for a price above the cost of production. The growers allege that the thread manufacturers and factors have been fixing a price on the staple which the grower was compelled to accept or hold his cotton, and in many instances the latter was impossible, for the fact that the grower was placed in a position where it was necessary to raise funds. With the proper organization, the grower will be in a position to dictate the price, as the production of Sea Island cotton is limited.

The Augusta (Ga.) Chronicle of recent date contains the following, which will prove of interest to long staple cotton growers everywhere:

"The Sea Island cotton growers of Georgia, Florida and South Carolina met last week and organized the Sea Island Cotton Association. A bale tax of 10 cents a bale was decided on and a scale of minimum prices was fixed. The members signed an agreement to hold for those prices.

"The government is to be asked to furnish full and separate reports on Sea Island cotton.

"The Sea Island people have been emboldened by the success attained by the Southern Cotton Association, who have done so much toward maintaining the price of upland cotton.

"Only about 100,000 bales of Sea Island cotton, 350 pounds each, are now raised. It would not be a difficult thing—aye it would be an easy thing to get every Sea Island grower into this league. The centers of this industry are Charleston, Beaufort, Savannah and such inland towns as Valdosta, Statesboro and Blackshear, Ga., and Gainesville, Fla.

"The Thread Trust use this line and it is said that they arbitrarily fixed the selling price. The Thread Trust watch the crop like hawks. They send estimators through every county that grows it.

"They watch the weather conditions and keep up a perfect information bureau.

"There is not one single agricultural monopoly that could be perfected as could a Sea Island cotton growers' association.

"There is developing some very marked changes in the marketing of cotton of all kinds. These changes will effect quite radically not only farmers, cotton factors, but also the mill men."

The promoters of the organization movement earnestly urge all growers of the county who can possibly do so to be present at the meeting today.

Accident to Marvin Mason.

Marvin Mason, son of Hon. H. G. Mason, county judge, who has been employed as an apprentice in the shops of the Ocala Foundry and Machine Co., was the victim of a painful accident recently which cost him a portion of the fourth finger of the right hand.

Young Mason's hand came in contact with a drill press in motion and about an inch of the finger was amputated before he realized what had occurred. Being incapacitated for duty he came home and will remain here until he is enabled to return to work.

Cured Paralysis.

W. F. Baily, P. O. Troe, Texas, writes: "My wife had been suffering five years with paralysis in her arm, when I was persuaded to use Ballard's Snow Liniment, which cured her alright. I have also used it for old sores, frostbites and skin eruptions. It does the work." Sold by W. M. Johnson.

NEWS OF CITY AND COUNTY CONDENSED

Misses Gertrude Cushman and Elizabeth Foy Lynn returned yesterday from a pleasant visit to Jacksonville.

J. S. Blitch of Montbrook and J. B. Peacock, E. S. Mixson, W. C. Brewer and J. R. Willie of Williston were among the visitors to Gainesville yesterday.

Mr. and Mrs. W. G. O'Toole and daughter, Miss Ella, are among the recent arrivals from the North, who have come to make their home here for the winter. They are pleasantly located in one of the Wilson cottages, 509 University street.

Dr. and Mrs. W. C. Johnson of Micanopy made a brief visit to the former's brother, Dr. W. M. Johnson, in this city yesterday. Dr Johnson has just returned from Baltimore, where he has been for the past two months.

Walter Watkins, formerly of this city, where he was employed as salesman in the store of Marcus Endel, now holds a fine position with an insurance company in Atlanta. Friends here will be glad to learn that he is prospering.

J. A. Roberts of Kanapaha, T. J. Love of Jennings Lake, G. T. Kirkland of Kirkwood, C. C. Robinson of Otter Creek, C. W. Colson of Dunnie, J. H. Allison of Micanopy and Deputy Sheriff Beach of Trenton were among the visitors to Gainesville yesterday.

Joel H. Tucker, Jr., formerly of this city but for the past three years a progressive young business man of Live Oak, has established a naval stores plant at Richmond and will assume the personal management. Mr. Tucker possesses exceptional business qualifications and his success is assured.

J. R. Smith and son, Ira J., were in the city from Trenton yesterday. As the best evidence that Mr. Smith is one of the kind who "lives at home," he brought to cold storage 1,000 pounds of hams and shoulders. He recently slaughtered thirteen hogs, weighing from 200 to 280 pounds each and will kill twelve more before the winter is over.

Ira J. Carter of Newberry, one of the cleverest young men and most successful merchants in that progressive town, returned to his home yesterday, after a brief visit to this city. Mr. Carter, who is very enthusiastic on secret orders, came to receive his initiation into Gainesville Lodge No. 990, B. P. O. E., and, in his own language, what he got "was a plenty." He is well pleased with the order, however, and it goes without saying that he will make a valuable acquisition to the lodge. While here Mr. Carter made The Sun an agreeable as well as profitable call.

Humpty Dumpty Suited Them.

Captain F. C. Cramer of The Leesburg Rifles yesterday sent the following telegram to Captain Layton, manager of the opera house here, regarding the Humpty Dumpty Co., which appeared in Leesburg Thursday night:

"The audience and myself were much pleased with the presentation of Humpty Dumpty."

This play, with all new features, will be presented at the opera house tonight. Have your seats reserved at Avera's.

ACCIDENT CAUSED DEATH OF CHILD

Little Eunice Prevatt of Trenton Lost Life by Falling Pole.

SHE WAS BUILDING A SWING

When the Crosspole Fell, Crushing Her Life Out Instantly—Daughter of Prominent People, and Accident Brought Sorrow in West End.

Information reached this city Friday of a serious accident which occurred at Trenton Tuesday afternoon, which cost little Eunice, the sweet little seven-year-old daughter of Mr. and Mrs D. A. Prevatt, her life.

From the best information obtainable it appears that Mr. Prevatt was preparing to kill some hogs, and had erected what is commonly termed a "hog gallows" in the yard. This "gallows" comprises two forked stakes driven into the ground, with a stout pole extending from one to the other at a convenient elevation. The little girl was attempting to make a swing from the pole, which fell, crushing her life out instantly.

This accident was sadly deplored, inasmuch as Mr. and Mrs. Prevatt are among the prominent families of the West End. They were grief-stricken over the affair.

The funeral was held Thursday, the interment being in Pine Grove cemetery, near the home of the Prevatts.

Coughing Spell Caused Death.

"Harry Duckwell, aged 25 years, choked to death early yesterday morning at his home in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician, but before he could arrive another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe Democrat, December 1st, 1901." Ballard's Horehound Syrup would have saved him. 25c, 50c and $1. Sold by W. M. Johnson.

Cutting.

"Miss Keenly has an awfully sharp tongue, hasn't she?"

"I should say so! She's cut most of her friends off her list with it."

"The pleasantest way to take cod liver oil," says an old gormand, "is to fatten pigeons with it and then eat the pigeons."

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Keep Your Head Clear

And your stomach free from indigestion if you would be happy with your family and your fellow-man.

The surest thing on earth to get a man's system "out of whack" is heavy, soggy bread, which is caused by several reasons: First, the material may not be good; second, the cooking may be poor. The best flour in the world will make the heaviest bread if improperly mixed or cooked. WE USE THE BEST FLOUR and our "long suit" is knowing how to mix and bake it. Our bread does not cost any more than home-made and in many instances it is so much more palatable.

The report that 15,000 Jews were killed in three days in Odessa seems almost incredible. But what makes it more diabolical is the fact that they were killed by authority of the Czar and comprised men, women and children being tortured in a frightful manner. COTTON CONVENTION.

If the plans of President Jordan of the Southern Cotton Association are fulfilled, the mass convention of the association, to take place in New Orleans, Thursday, Friday and Saturday, January 11th to 13th, 1906, will be the occasion for one of the most striking celebrations in the annals of the cotton industry ever held in the South, for after a year of unprecedented and continuous victories, the Southern cotton planters will meet for the purpose of more closely welding their organization and to discuss and decide upon important questions affecting the welfare of their industry.

Organized eleven months ago at New Orleans by a monster assembly of over 8,000 farmers, merchants and bankers, the Southern Cotton Association has proved itself a factor of national and international power and at the January convention further steps will be taken to insure to the farmers still further advantages to which their position entitles them. "One of the chief features to be emphasized is the continued holding of the balance of the unsold crop for higher prices, so as to average the present crop for as near 12 cents as possible, and this can be done only by selling at 15 cents," writes Mr. Jordan.

"We must do this and we must discuss other matters of great importance under the following general heads:

"The advisability of speedily bringing about direct trade relations between the spinners of the world and the cotton producers.

"The importance of extending the work of the association as rapidly as possible throughout the cotton belt, so as to make the work absolutely effective. The imperative need of securing facilities for handling the crop in the South, by the erection of standard built warehouses where cotton may be weighed and classified by expert managers and the receipts underwritten so as to make them negotiable in any financial center or where they can be bought by exporter or spinner and tendered for delivery of cotton at such time as it may be needed for consumption. In this way the crop can be marketed slowly and the supply regulated to meet the legitimate demand of spinners. This plan would tend to at once limit the range of speculation, avoiding the present wide fluctuations that are injuring both to the producer and spinner and place the future handling of cotton on a sound, safe and conservative basis.

"The securing from Congress of an appropriation for the immediate purpose of sending out properly selected commissioners to foreign countries in the interest of extending to such foreign countries the use of American cotton and cotton goods. This I believe to be the true solution of the cotton problem of the future and in that way production need not be retarded, but, on the contrary, all the cotton we can produce may be consumed in the various markets of the world."

According to a decision handed down by the United States Supreme Court a few days back the fellow who runs a gambling joint or permits gambling on property under his control is liable for every cent lost by any person who plays in any gambling game. This decision ought to effectually put a stop to gambling almost everywhere. All a man who loses money in one of these places has to do is to bring suit and prove his loss and the proprietor will be forced to make good.

Syndicate articles on the rate bill and other matters before Congress are now having full sway in many papers. That will be about all it will amount to. It has been decided by the powers that the Government has no right to make rates, and that will settle it.

New York has got all the Senators it wants at the present time. They did want more some time ago.

IF WEALTH WERE ABOLISHED?

Where on earth would the poor find means of livelihood if wealth were abolished?

Probably Mr. Andrew Carnegie only means his cry "Abolish wealth!" in a Pickwickian sense. The danger is that the unbalanced may take him too literally. But there is nothing more certain under the sun than that the poor live on the rich and couldn't live well, if they could live at all, without them.

It should always be borne in mind that no country could possibly progress without a wealthy class, not from lack of capital alone, for the State might in some way meet that need, but through lack of aspiration. It is the desires of the rich and not of the poor that prompt and inspire every advance that is made in art and science and still more in industry.

The truth for everyone from Mr. Carnegie out to the circumference of the social circle to hold on to is that all sorts and conditions of men depend on each other. Intricate interdependence is the universal law of nature. The poor depend on the rich and the rich on the poor and the abolition of wealth or, to put it more accurately, of the impulse of the enterprising to accumulate wealth, would be calamitous to both.

There is talk of a sugar factory being started at Sarasota. It would take half a dozen sugar factories to supply the need of this State alone and the cane raised in Florida is as good as any grown in the world. There is no better syrup than the Florida product and expert housekeepers say that it excels any they ever used for cooking purposes.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Judge R. McConathy has been elected mayor of Ocala.

The marshal of Fort Brooke has been placed under arrest for assaulting a citizen of that place.

If nothing unforseen happens, St. Augustine will be illuminated with electric lights before the year is gone.

Tampa is said to have the best sidewalks of any city in the State. Tampa is wise, as they will avoid damage suits.

Ocala will be illuminated with 50 arc lights. Gainesville has a large number of "ark" lights, we should judge.

Judge Martin of Orlando and a gentleman from West Virginia will plant a 25-acre pecan grove along the shores of Lake Highland.

The Cocoa and Rockledge News wants to know who will be their next representative in the Legislature. Wait until the primaries are held.

The usual number of winter crooks are coming South and St. Augustine is the first city to be pestered by them. Several thefts have been reported.

Laura Padgett, wife of Bob Padgett, colored, of Welborn, was burned so badly Wednesday that she died. She was sitting near the fire when her clothing ignited.

Conductor Lane fell from a Seaboard train near Lake Ogden Tuesday night and was rendered unconscious for a time. The train was running slow or he would have been killed.

Capt. A. O. MacDonell of the Seaboard Air Line was presented with a fine gold-headed cane by the members of the late Methodist Conference, as a testimonial of their appreciation of his numerous kindnesses to them.

Roy Haines, machinist at the Crystal River Lumber Mill, met a sudden death Tuesday, while working around the machinery. His clothing caught in a belt. He was 30 years old and leaves a wife and one child.

The meeting at Carrabelle to take into consideration the improvements of the harbor at that place is surely bound to prove of importance. People all along the Georgia, Florida and Alabama Railway are alive to the work. It will be a boom for that part of this State.

It is possible that a sugar-making mill to cost a quarter of a million dollars may be erected in the sugar-cane-growing country of Georgia and Florida. Capt. D G. Purse of Savannah, who is active in the project, has received a letter from Mr R. C. Camp of Sarasota, Fla., offering to supply the entire 15,000 or 20,000 tons of cane necessary for the factory.—Southern Farm Magazine.

The Live Oak Daily Democrat of December 13th says: "Mrs. Inez Westbrook, a handsome matron from Moultrie, Ga., arrived in the city Tuesday morning and registered at the Ethel. Tuesday night Samuel A. Fackler, editor of The Crystal River News, arrived here on a belated train and at 10 o'clock Judge Conner united the couple in marriage." The fraternity throughout the State extends congratulations.

A laughable incident occurred Wednesday. A negro was walking between the Brown House and the bowling alley, with his head bowed and studying. Suddenly Mary, John H. Sparks' big elephant that had broken loose, gave a snort when within five feet of the negro, walking toward him, and when he looked up and saw what was before him he jumped over a high chicken coop and made for tall timber. If that darkey has stopped running the fact is not known to any citizen of Live Oak. The incident caused much merriment for the onlookers.—Live Oak Daily Democrat.

Woman Given Divorce.

Columbus, Ga., Dec. 15.—Judge Little took a divorce case in his own hands in Muscogee superior court and directed the jury to bring in a verdict for the defendant and against the plaintiff. The plaintiff, who is now a resident of Texas, and who wishes to marry again, alleged desertion in his petition. The wife proved that she was the one who was deserted.

Lost Life in Flames.

Lavonia, Ga., Dec. 15.—While standing near an open fireplace, Mrs. J. R. Fulbright, wife of a prominent farmer, suffered, supposedly, an attack of paralysis and fell into the fire. Her aged and very infirm mother was attracted from an adjoining room by the noise and hastened to her daughter's assistance.

Louisiana Stands Test.

Rockland, Me., Dec. 15.—The battleship Louisiana was sent over the measured mile course near Owls Head and easily exceeded the government requirements of 18 knots an hour. The maximum speed developed was 18.924 knots and her builders express confidence that the ship can attain a speed of 19 knots.

Convicts Escape.

Warrenton, Ga., Dec. 15.—Edgar Fountain and Cap Fisher, two negro convicts, escaped from the guard, and are at large. They managed to carry away with them an ax, with which they cut the chain. The ax and chain have been found by the officers, who think they will be able to capture the negroes.

Noted Author Dead.

London, Dec. 15.—The death is announced from Scilly of William Sharp, the author. Concurrently with the announcement Sharp's friend, Richard Whiting, reveals the interesting story that Sharp was the author of two works published under the pseudonym of Miss Fiona MacLeod.

Doctors Could Not Help Her.

"I had kidney trouble for years," writes Mrs. Raymond Conner of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure." It makes the diseased kidneys sound so they will eliminate the poisons from the blood. Unless they do this good health is impossible. J. W. McCollum & Co.

MINERS TO CONVENE.

Will Demand 8-Hour Work Day and Recognition of the Union.

Shamokin, Pa., Dec. 15.—The annumber of delegates from the Scranton, Wilkesbarre coal region arrived here today so that they might caucus with the delegates from the Schuylkil region with reference to the demands which are tto be formulated at the miners' convention which opens here today.

President Mitchell and District President John Fahy of the Ninth district held a lengthy conference at President Mitchell's headquarters early today concerning certain measures that the miners will endeavor to have adopted.

The delegates who have arrived seem to be unanimous in their demands for an 8-hour workday and the recognition of the union.

Atlanta Lodge Restrained.

Atlanta, Dec. 15.—Judge Pendleton has granted an injunction to F. P. Kern restraining the Atlanta lodge, No. 1, of the International Association of Mechanics from picketing his works. The petition for such an injunction was filed a number of months ago by the petitioner, who employed a number of skilled workmen in repairing old engines and other kinds of work.

Isthmian Canal Commission.

Tampa, Fla., Dec. 15.—At a meeting of the city council a movement was inaugurated for holding in Tampa in 1908 an international isthmian canal exposition to celebrate the beginning of the construction of the Panama canal. Resolutions drawn by President Brown of the Florida state fair were passed providing for the preliminary steps.

Put Poison In Meal.

Chattanooga, Tenn., Dec. 15.—As the result of dosing corn meal with rough on rats, a portion of the meal being borrowed by one sister from another, William Murphy, a negro, is dead and one man, two women and three children are very sick. Love and jealousy were at the bottom of the tragedy.

Tragedy at Negro Frolic.

Eatonton, Ga., Dec. 15.—At a negro frolic on the farm of Dr. L. O. McCalla, about 3 miles from town, Nixie Calhoun, in a fit of jealousy, shot and killed Julia Jackson. Three balls took effect, any one of which would have produced death. Nixie made his escape and is still at large.

The Requisite of Beauty.

The first requisite of beauty is a clear complexion. Orino Laxative Fruit Syrup clears a sallow, blotched complexion, as it stimulates the liver and bowels, and the eyes become bright and clear. You owe it to your friends to take it if your complexion is bad. Orino Laxative Fruit Syrup does not nauseate or gripe and it is very pleasant to take. Refuse substitutes. J. W. McCollum & Company.

HER PHYSICIANS DESPAIRED. ADVISED CHANGE OF CLIMATE.

Pe-ru-na, Used as a Last Resort, Cured Her of a Severe Attack of Catarrh of the Lungs.

MRS. IDA CALDWELL.

The Sensational Cure of Mrs. Caldwell is the Talk of Her Acquaintances.

Mrs. Ida Caldwell, 506 Pearl street, Sioux City, Ia., Vice-President Order of Washington, writes:

"I suffered with catarrh of the respiratory organs off and on for the last three years until I thought it was chronic. My chest and lungs were irritated and I had to use the greatest care not to expose myself to chilly air or dampness as it increased my troubles.

"My physician advised me to try a change of climate, but I was unable to leave my family. Reading of the wonderful cures performed by Peruna, I bought a bottle.

"It was with the greatest satisfaction that I found it the one medicine among them all which cured me. I was relieved within three days and after two months and a half the irritation was gone, my lungs perfectly healed and my health restored."—Ida Caldwell.

Thousands of women owe their lives to Peruna. Hundreds of thousands owe their health to Peruna. Hundreds of thousands are praising Peruna in every state of the Union.

We have many thousands of letters from grateful women, with permission to use them in public print, which can never be used for want of space.

Catarrh would not be such a curse in this country if the people thoroughly understand its nature. It must be treated at once to prevent it from making inroads upon vital organs.

If you suffer from catarrh, buy Peruna to-day, for a day gained on the enemy, catarrh, means a day nearer recovery.

We have on file many thousand testimonials like the one given here. We can only give our readers a slight glimpse of the vast array of unsolicited endorsements we are receiving. No other physician in the world has received such a volume of enthusiastic letters of thanks as Dr. Hartman for Peruna.

YOUNG MAN KILLED FATHER.

Old Man Had Remonstrated With Son About Drinking.

Waynesboro, Ga., Dec. 15.—At Hillis George Glissom, aged about 25 years, shot and killed his father, W. C. Glissom. The young man came home drunk and was demonstrated with by his father becoming enraged about his father's talk to him. The old gentleman retired to his room and locked the door. Procuring a shotgun, George came back, looking for his father, and finding the door locked, broke it open and fired once, hitting his father in the stomach, wounding him so badly that he died in about an hour.

Realizing what he had done the young man fled from the house. He was pursued by his young brother, John, who fired at him, wounding him in the arm. George has not yet been arrested, and when last heard from was at W. C. Parrish's, near his home.

STREETS DARK AT BRUNSWICK.

Fire at Electric Plant Causes All Machinery to Stop.

Brunswick, Ga., Dec. 15.—Brunswick was in total darkness Wednesday night; every piece of machinery operated by electricity was at a standstill, and the water supply is threatened, as the result of a fire at the plant of the Mutual Light and Water company. The electrical department was put completely out of business, most of the machinery being damaged, and it is not known how long the water supply will last.

Every place of business was in darkness, and the situation is quite a serious one.

The Mutual people are unable to make a statement as to the loss, neither can they state when the plant will be able to resume operations.

Government Employs Many.

Washington, Dec. 15.—The official register of the United States, "The Blue Book," which is about to be issued, gives a recapitulation of the employes in the different departments, showing a total of 25,481 persons in the service in the city of Washington, receiving an aggregate compensation of $27,145,709.

Chinese Students Revolt.

Tokio, Dec. 14, 11:30 A. M.—Eighty-two hundred Chinese students, incensed at the acceptance of the resignation of Yuzuru Kubota, president of the Imperial university, by Prime Minister Katsura, have resolved to return to China. Two thousand have already left this city.

Canal Officers Return.

New York, Dec. 15.—On the steamer Mexico, arriving yesterday from Panama, came Fred Maltby, division engineer; L. F. Dubois, superintendent of construction; Manuel Settoon of the labor department, James Jester, disbursing officer, and Ira Giles, supervisor of labor. All spoke well of the present sanitary conditions on the isthmus.

Differences Apparently Settled.

Tokio, Dec. 14, 2 P. M.—The differences which exist between the Imperial university and the government have apparently been settled by the acceptance of the resignation of President Yuzuru Kubota by Premier Katsura, who will now take up the portfolio.

A Fearful Fate.

It is a fearful fate to have to endure the terrible torture of piles. "I can truthfully say," writes Harry Colson of Masonville, Ia., "that for blind, bleeding, itching and protruding piles, Bucklen's Arnica Salve is the best cure made." Also best for cuts, burns and injuries. 25c at all druggists.

Officers Elected at Warrenton.

Warrenton, Ga., Dec. 15.—In the municipal election held here J. H. Battle was elected by a large majority. The councilmen elected to serve with Mr. Battle are C. R. Fitzpatrick, W. T. Evans, W. E. Scoggs, D. L. Wicker and R. H. Ricketson.

Dalton Elects Officers.

Dalton, Ga., Dec. 15.—H. P. Calvard has been elected mayor of Dalton, defeating Dr. W. E. Wood by a majority of 142. John W. Caylor, J. Kirk Farrar and Charles L. Wood were elected aldermen. Nearly 800 votes were polled.

In Mad Chase.

Millions rush in mad chase after health, from one extreme of faddism to another, when, if they could only eat good food, and keep their bowels regular with Dr. King's New Life Pills, their troubles would all pass away. Hague Conference Plans Suspended.

Washington, Dec. 14.—The state department has been informed that the plans to arrange a date for the reassembling of The Hague conference has been suspended for the time being, and it is now believed to be impossible for the second conference to meet early next year, as was once expected. The delay does not arise from any indisposition on the part of the great powers to accept the Russian emperor's invitation, but simply because an important feature of the program cannot be agreed upon until the government of Switzerland has accepted.

Want Pay Increased.

Savannah, Ga., Dec. 14.—Dispatches from Macon and Atlanta state that a new system of pay, based on the size of train, is asked for by the engineers of the Central railway system. This is an error. The facts are that the men want a uniform increase in pay amounting to a quarter of a cent per mile. The matter will be again considered here one day next week, at which time it is expected that everything will be amicably adjusted.

Furious Fighting.

"For seven years," writes Geo. W. Hoffman of Harper, Wash., "I had a bitter battle with chronic stomach and liver trouble, but at last I won, and cured my diseases by the use of Electric Bitters. I unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." Sold under guarantee to do the same for you, by all druggists at 50c a bottle. Try them today.

Wolves Are Killed.

Birmingham, Ala., Dec. 14.—A special to The Ledger from Guin, Marion county, states that there are a number of wolves in the county and that several have lately been killed there. Thomas Justice shot one whose hide measured 6 feet in length.

Misused the Mails.

Columbus, O., Dec. 15.—James A. Herlihy of Chillicothe, charged with misuse of the mails in the advertisement of a preparation which Herlihy said would change negroes white, has been found guilty by a jury in the United States court.

Mitchell's Successor Appointed.

Salem, Ore., Dec. 15.—Governor Chamberlain has announced the appointment of John M. Gearin of Portland, to succeed the late John H. Mitchell as United States senator from Oregon. Mr. Gearin is a Democrat.

Peabody Heads Mutual Life.

New York, Dec. 14.—Charles A. Peabody was elected president of the Mutual Life Insurance company at a meeting of the board of trustees today. Mr. Peabody's election was unanimous.

Prisoners Attacked Sheriff.

Darien, Ga., Dec. 15.—The sheriff of this county was almost overpowered by prisoners here in the jail. One prisoner escaped, the others are safe. The sheriff was hurt, but not seriously.

Dead By Own Hands.

Atlanta, Dec. 15.—Cicero C. Kiser, who shot and fatally wounded himself while in a fit of despondency, due to ill health, died Thursday afternoon at the Grady hospital.

Gunboat Wasp Reaches Port.

Newport, R. I., Dec. 15.—The gunboat Wasp, about which some apprehension had been felt, has arrived in port. The Hist was not in sight when the Wasp came up the harbor.

Decides Against Hearst.

Albany, N. Y., Dec. 14.—The court of appeals decided the ballot box case against W. R. Hearst.

Remarkable Cure.

"I was much afflicted with sciatica," writes Ed C. Nud, Iowaville, Sedgwick Co., Kan., "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used. Have recommended it to a number of persons. All express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm." 25c, 50c and $1. Sold by W. M. Johnson.

Low Rates to New Orleans and Return Via Atlantic Coast Line.

An Old English Law.

An act of parliament, passed in the reign of George III. and which is still in force, exempts members of the yeo- manry from the ballot for the militia, allows them to ride through a toll bar when in uniform without paying and also relieves them from the tax on powder for the hair. Such privileges were highly valued in 1804, when the act was passed; but, as yeomen are not now liable for the militia ballot, as toll bars have been abolished and as hair powder is no longer in request, these favors have ceased to have any practical value. Nevertheless, they still exist.—London Mail.

A Humble Archbishop.

Willegis, a famous archbishop of Mentz, rose to that elevated position from the very lowest ranks. He was the son of a poor carter, but was never ashamed of his parentage. He not only caused the following inscription to be placed conspicuously in his palace, "Willegis, remember thy parentage," but had the wheels of a cart hung up in the Cathedral of Mentz. From that time to this the arms of the see have borne the figure of a cart wheel.

The Word "Covey."

Long custom has practically limited the word "covey" to association with the partridge, although it has always been used with grouse and ptarmigan. Beaumont and Fletcher, however, spoke of "covey of fiddlers" and Thack- eray of a "covey of trumps." The word means properly a brood, hatching, com- ing through the French "couver," to sit (of a hen bird), from the Latin "cu- bare," to recline, whence "incubate" also sprung.

PROPOSED CHARTER OF THE CRESCENT MANUFACTURING COMPANY.

The parties whose names are signed hereto have and do hereby form and organize themselves into a corpora- tion, under and pursuant to the laws of the State of Florida, and submit these Articles of Incorporation:

Article I—The name of this corpor- ation shall be The Crescent Manufac- turing Company. The principal office of said corporation shall be at Gaines- ville, in Alachua county, Florida. This corporation shall have the right to es- tablish other places of business within the State, where it may secure proper- ty, or desire to conduct business.

Article II—The nature of the busi- ness to be transacted by this corpora- tion shall be to buy, hold and sell real estate and personal property; to buy and sell timber and timbered lands and naval stores; to manufacture, deal in and sell naval stores, lumber and lum- ber supplies, and to deal generally in naval stores, and to conduct a mercan- tile business in connection therewith; and when necessary for the purposes of this corporation, it may build, equip and operate railroads, may dig ca- nals, may equip and operate steam- boats and other means of transporta- tion, neither of which shall be used as a common carrier.

Article III—The capital stock of this corporation shall be Fifty Thous- and Dollars ($50,000 00), to be divided into Five Hundred shares, of the par value of One Hundred Dollars ($100.00) per share. One hundred and fifty shares shall be issued at once to the incorporators, upon the payment by them of the par value thereof as subscribed. The balance of said stock shall be held as Treasury Stock, and may be hereafter issued, as may be pro- vided by the by-laws of this corporation and by authority of the stockholders of this corporation, but no stock shall be sold for less than par.

Article IV—This corporation may continue for the period of fifty years.

Article V—The business of this corporation shall be conducted by a President, Vice-President, Secretary and Treasurer, and a Board of Direc- tors consisting of seven members, a majority of whom shall constitute a quorum. Said officers shall be chosen from the stockholders of said corpora- tion, annually, on the first Saturday of January of each and every year, and the said Board of Directors may appoint any other officers, agents or employes, or authorize the President or Vice-President to do so. Until the election and qualification of other of- ficers the following shall be the officers of this corporation: T. W. Shands, President; W. W. Hampton, Vice- President; L. J. Clyatt, Secretary and Treasurer; and T. W. Shands, W. W. Hampton, L. J. Clyatt, Antoine Paul, B. F. Hampton, J. B. McDonald and L. B. McDonald, Directors.

Article VI—This corporation may incur and contract for indebtedness to the extent of Fifty Thousand Dollars ($50,000 00).

Article VII—The names and resi- dences of the stockholders of said cor- poration are as follows:

T. W. Shands, Gainesville, Fla., 30 shares, $3,000 00.

ROYAL

The Absolutely Pure

Baking Powder

Made of Cream of Tartar, and Free From Alum or Phosphatic Acid

Royal Baking Powder renders bread, biscuit, cake and all flour foods finer and more healthful.

★ ★ ★ ★ ★ ★ ★ ★ ★ ★

Baking powders made from alum, phosphates and other harsh, caustic acids are lower in price, but they are injurious to the stomach.

"The injurious effect of alum on the mucous coat of the stomach is positive and beyond dispute; it is both an irritant and an astringent. The use of alum in any article of food or article used in the preparation of food should be prohibited."
